India is the second largest producer of food and agri-commodities in the world, thereby playing a vital role in the global food processing industry. India's USD 600 Billion food processing industry is expected to grow three-fold by 2020.

The Food sector continues to rely heavily on Modern Food Processing and Storage technologies to overcome on the challenges and food wastage which is crucial for overall development of the Indian Food sector.

Confederation of Indian Industry (CII) - Southern Region has been organizing Foodpro since the year 1995. Foodpro is the platform for interface between the food technology sector and the food industry. With its cross-over concept covers everything from manufacturing and processing of foods, packaging, storage, transportation, food safety and retailing with a process orientation and cross-sector approach.

The 13th edition of “Foodpro” is scheduled from 23 - 25 August 2019 at Chennai Trade Centre, Chennai. Foodpro 2019 will focus on the current trends in food processing industry, showcase innovation through modern technology, build brand and create awareness.

CONCURRENT EVENTS

About CII

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government, and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, playing a proactive role in India's development process. Founded in 1895, India's premier business association has around 9000 members, from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from around 265 national and regional sectoral industry bodies.

CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

Extending its agenda beyond business, CII assists industry to identify and execute corporate citizenship programmes. Partnerships with civil society organizations carry forward corporate initiatives for integrated and inclusive development across diverse domains including affirmative action, healthcare, education, livelihood, diversity management, skill development, empowerment of women, and water, to name a few.

As a developmental institution working towards India's overall growth with a special focus on India@75 in 2022, the CII theme for 2018-19, India RISE : Responsible. Inclusive. Sustainable. Entrepreneurial emphasizes Industry's role in partnering Government to accelerate India's growth and development. The focus will be on key enablers such as job creation; skill development; financing growth; promoting next gen manufacturing; sustainability; corporate social responsibility and governance and transparency.

With 65 offices, including 9 Centres of Excellence, in India, and 10 overseas offices in Australia, China, Egypt, France, Germany, Singapore, South Africa, UAE, UK, and USA, as well as institutional partnerships with 355 counterpart organizations in 126 countries, CII serves as a reference point for Indian industry and the international business community.
